(e) **Account Security (Agency Responsibility).**

(1) Agency shall be responsible for assigning an account administrator who in turn will be responsible for assigning to each of Agency’s Users a username and password (one per user account). An unlimited number of User accounts is provided. Agency will cause the Users to maintain username and password credentials confidential and will prevent use of such username and password credentials by any unauthorized person(s). Agency shall notify Vigilant immediately if Agency believes the password of any of its Users has, or may have, been obtained or used by any unauthorized person(s). In addition, Agency must notify Vigilant immediately if Agency becomes aware of any other breach or attempted breach of the security of any of its Users’ accounts.

(2) User logins are restricted to agents and sworn officers of the Agency. No User logins may be provided to agents or officers of other local, state, or Federal LEAs. LPR Data must reside within the Software Service and cannot be copied to another system, unless Agency purchases Vigilant’s API. #### **4. Restrictions on Access to Software Service.**

(a) **Non-Disclosure of Confidential Information.** Agency and each User will become privy to Confidential Information during the term of this Agreement. Agency acknowledges that a large part of Vigilant’s competitive advantage comes from the collection and analysis of this Confidential Information and Agency’s use, except as expressly permitted under this Agreement, and disclosure of any such Confidential Information would cause irreparable damage to Vigilant.

(b) **Restrictions.** As a result of the sensitive nature of the Confidential Information, Agency agrees, except to the extent expressly permitted under this Agreement, (i) not to use or disclose, directly or indirectly, and not to permit Users to use or disclose, directly or indirectly, any LPR location information obtained through Agency’s access to the Software Service or any other Confidential Information; (ii) not to download, copy or reproduce any portion of the LPR Data and/or Booking Images and other Confidential Information; and (iii) not to sell, transfer, license for use or otherwise exploit the LPR Data and or Booking Images and other Confidential Information in any way. Additionally, Agency agrees to take all necessary precautions to protect the Confidential Information against its unauthorized use or disclosure and exercise at least the same degree of care in safeguarding the Confidential Information as Agency would with Agency’s own confidential information and to promptly advise Vigilant in writing upon learning of any unauthorized use or disclosure of the Confidential Information. Except that Vigilant understands and acknowledges that the Agency is subject to the production of government records pursuant to the Open Public Records Act (“OPRA”), the common law right to access public records, and service of subpoenas for production of records in litigation for which the Agency is a party and for which Agency is not a party. In the event that Agency receives either: (i) an OPRA Request; (ii) a request under the common law right to access public records; and/or (iii) a subpoena or notice to produce documents which contains Confidential Information (“Document Request I”), the Agency will provide notice to Vigilant via email to the

identified individuals in Section 6(a) of this Agreement within forty-eight (48) hours of receipt of such Document Request. The Agency will withhold production of any response to the Document Request for a period of ten (10) days to allow Vigilant to obtain a protective order to prevent the production of a response to the Document Request. Agency agrees that it shall not oppose any such application for a protective order.

**(c) Third Party Information.** Agency recognizes that Vigilant has received, and in the future will continue to receive, from LEAs associated with Vigilant their confidential or proprietary information (“**Associated Third Party Confidential Information**”). By way of example, Associated Third Party Confidential Information includes LEA LPR Data and/or LEA Booking Images. Agency agrees, except to the extent expressly permitted by this Agreement, (i) not to use or to disclose to any person, firm, or corporation any Associated Third Party Confidential Information, (ii) not to download, copy, or reproduce any Associated Third Party Confidential Information, and (iii) not to sell, transfer, license for use or otherwise exploit any Associated Third Party Confidential Information. Additionally, Agency agrees to take all necessary precautions to protect the Associated Third Party Confidential Information against its unauthorized use or disclosure and exercise at least the same degree of care in safeguarding the Associated Third Party Confidential Information as Agency would with Agency’s own confidential information and to promptly advise Vigilant in writing upon learning of any unauthorized use or disclosure of the Associated Third Party Confidential Information. Except that Vigilant understands and acknowledges that the Agency is subject to the production of government records pursuant to the Open Public Records Act (“OPRA”), the common law right to access public records, and service of subpoenas for production of records in litigation for which the Agency is a party and for which Agency is not a party. In the event that Agency receives either: (i) an OPRA Request; (ii) a request under the common law right to access public records; and/or (iii) a subpoena or notice to produce documents which contains Associated Third Party Confidential Information (“Document Request II”), the Agency will provide notice to Vigilant via email to the identified individuals in Section 6(a) of this Agreement within forty-eight (48) hours of receipt of such Document Request II. The Agency will withhold production of any response to the Document Request II for a period of ten (10) days to allow Vigilant to obtain a protective order to prevent the production of a response to the Document Request II. Agency agrees that it shall not oppose any such application for a protective order.

**(d) Non-Publication.** Agency shall not create, publish, distribute, or permit any written, electronically transmitted or other form of publicity material that makes reference to the Software Service or this Agreement without first submitting the material to Vigilant and receiving written consent from Vigilant thereto. This restriction is specifically intended to ensure consistency with other media messaging.

**(e) Non-Disparagement.** Agency agrees not to use proprietary materials or information in any manner that is disparaging. This prohibition is specifically intended to preclude Agency from cooperating or otherwise agreeing to allow photographs or screenshots to be taken by any member of the media without the express consent of Vigilant. Agency also agrees not to voluntarily provide ANY information, including interviews, related to Vigilant, its products or its services to any member of the media without the express written consent of Vigilant.

**(f) Manner of Use.** Agency must use its account in a manner that demonstrates integrity, honesty, and common sense.

**(g) Survival of Restrictions and Other Related Matters.**

**(1)** Agency shall cause each User to comply with the provisions of this **Section 4**.

**(2)** Agency agrees to notify Vigilant immediately upon discovery of any unauthorized use or disclosure of Confidential Information or any other breach of this **Section 4** by Agency or any User, and Agency shall reasonably cooperate with Vigilant to regain possession of the Confidential Information, prevent its further unauthorized use, and otherwise prevent any further breaches of this **Section 4**.

**(3)** Agency agrees that a breach or threatened breach by Agency or a User of any covenant contained in this **Section 4** will cause irreparable damage to Vigilant and that Vigilant could not be made whole by monetary damages. Therefore, Vigilant shall have, in addition to any remedies available at law, the right to seek equitable relief to enforce this Agreement.

(4) No failure or delay by either Party in exercising any right, power or privilege hereunder will operate as a waiver thereof, nor will any single or partial exercise of any such right, power or privilege preclude any other or further exercise thereof.

(5) The restrictions set forth in this **Section 4** shall survive the termination of this Agreement for an indefinite period of time.

## 5. Term and Termination.

(a) **Term.** The Initial Term of this Agreement shall be for a term of one (1) year from the Effective Date of this Agreement (the "Initial Term"). Sixty (60) days prior to the expiration of the Initial Term and each subsequent Service Period, Vigilant will provide Agency with an invoice for the Service Fee due for the subsequent twelve (12) month period (each such period, a "Service Period"). This Agreement will be extended for a Service Period upon Agency's payment of that Service Period's Service Fee, which is due 30 days prior to the expiration of the Initial Term or the existing Service Period, as the case may be. Agency may also pay in advance for more than one Service Period.

### (b) Termination.

(1) Agency may terminate this Agreement upon thirty (30) days prior written notice to Vigilant for any reason. If Agency's termination notice is based on an alleged breach by Vigilant, then Vigilant shall have thirty (30) days from the date of its receipt of Agency's notice of termination, which shall set forth in detail Vigilant's purported breach of this Agreement, to cure the alleged breach. If within thirty (30) days of written notice of violation from Agency, Vigilant has not reasonably cured the described breach of this Agreement, this Agreement shall be terminated and Vigilant shall refund to Agency an amount calculated by multiplying the total amount of Service Fees and annual subscription fee paid by Agency for the then-current Service Period by the percentage resulting from dividing the number of days remaining in the then-current Service Period, by 365. If Agency terminates this Agreement prior to the end of a Service Period for no reason, and not based on Vigilant's failure to cure the breach of a material term or condition of this Agreement, Agency shall not be entitled to a refund of the annual subscription fee, or any portion thereof, if Agency terminates the agreement prior to the end of a Service Period.

(2) Vigilant may terminate this Agreement by providing thirty (30) days written notice to Agency for any reason. If Vigilant's termination notice is based on an alleged breach by Agency, then Agency shall have thirty (30) days from the date of its receipt of Vigilant's notice of termination, which shall set forth in detail Agency's purported breach of this Agreement, to cure the alleged breach. If within thirty (30) days of written notice of violation from Vigilant Agency has not reasonably cured the described breach of this Agreement, Agency shall immediately discontinue all use of the LEARN Software Service. If Vigilant terminates this Agreement prior to the end of a Service Period for breach, no refund for any unused Service Fees will be provided. If Vigilant terminates this Agreement prior to the end of a Service Period for no reason, and not based on Agency's failure to cure the breach of a material term or condition of this Agreement, Vigilant shall refund to Agency an amount calculated by multiplying the total amount of Service Fees (including the annual subscription fee) paid by Agency for the then-current Service Period by the percentage resulting from dividing the number of days remaining in the then-current Service Period, by 365.

(c) **Effect of Termination.** Upon termination or expiration of this Agreement for any reason, all licensed rights granted in this Agreement will immediately cease to exist and Agency must promptly discontinue all use of the Software Service, erase all LPR Data and/or Booking Images accessed through the Software Service from its computers, including LPR Data and/or Booking Images transferred through an API, and return all copies of any related documentation and other materials.

## 6. Miscellaneous.

Notices must be addressed to the recipient and either (i) hand delivered; (ii) placed in the United States mail, certified, return receipt requested; (iii) deposited with an overnight delivery service; or (iv) sent via e-mail and followed with a copy sent by overnight delivery or regular mail, to the address or e-mail address specified below. ## REIMBURSEMENT AGREEMENT

This Reimbursement Agreement (the "Agreement"), dated this 30th day of September, 2020 between the County of Essex (the "County") located at 465 Martin Luther King Boulevard, Newark, New Jersey 07102, and Township of West Orange (the "Municipality") located at 66 Main St., West Orange, New Jersey 07052.

WHEREAS, the United States of America, the State of New Jersey, the County, and the Municipality have become victims of the COVID-19 Virus and Pandemic (the "Coronavirus"); and

WHEREAS, the Coronavirus has caused economic damage and hardships to states, counties, and municipalities throughout the United States of America; and

WHEREAS, on March 27, 2020 the Coronavirus Aid Relief and Economic Security Act (the "CARES Act") was signed by President Donald J. Trump; and

WHEREAS, the CARES Act was enacted, among other purposes, in order to combat the economic damage caused to states, counties and municipalities because of the Coronavirus; and

WHEREAS, the County has received CARES Act funds from the United States Treasury (the "Stimulus Funds") to be used to reimburse the County and the municipalities and agencies within the County (the "Municipalities") including the Municipality due to economic damage caused to them by the Coronavirus; and

WHEREAS, as the recipient of the Stimulus Funds it will be the responsibility of the County to disburse the Stimulus Funds to eligible recipients in accordance with the terms and provisions of the CARES Act and any guidelines or regulations issued by United States government or any of its agencies and/or departments.

NOW THEREFORE, it is stipulated and agreed as follows:

1. *Purpose of Stimulus Funds.* The Municipality understands and agrees that its eligibility for the receipt of any Stimulus Funds shall be determined by the County in accordance with the terms of the "Coronavirus Relief Fund - Guidance for State, Territorial, Local and Tribal Governments -April 22, 2020" (the Guidelines"), attached hereto as Schedule A, and any subsequent amendments and/or

changes to the Guidelines. Excluded from the Guidelines as an eligible reimbursement are the categories detailed in number 4, related to long distance learning, and in number 5, on page 3 of the Guidelines.

2. *Role of County.* As the recipient of the Stimulus Funds it shall be the responsibility of the County to establish a reasonable process for the acceptance of an application by the Municipality for an eligible reimbursement from the Stimulus Funds. The Municipality agrees and understands that the decision as to whether the reimbursement sought by the Municipality is not within the discretion of the County but is governed by the Guidelines. Attached hereto as Schedule B is the process to be employed by the County to accept applications for a reimbursement from the Stimulus Funds.

3. *Use of Stimulus Funds.* The Municipality understands that the Stimulus Funds represent an amount of funds for which the County along with the Municipalities in Essex County are eligible to file a claim for reimbursement. However, neither the County, nor any of the Municipalities in Essex County, has a vested right to receive any of the funds and the receipt of funds shall be subject to any claim for reimbursement meeting the eligibility requirements established by the CARES Act and the Guidelines. It should also be noted that the Municipality shall not receive reimbursement for eligible expenses pursuant to this Agreement if reimbursement for those same eligible expenses has been received pursuant to another source including but not limited to FEMA. **Please note that claims for Stimulus Funds must be filed and disbursed by no later than December 30, 2020 or the Stimulus Funds must be returned to the Secretary of Treasury, so time is of the essence.**

4. *Processing of Claims.* The County shall process and accept all claims for reimbursements in the order in which the claim is received and shall pay any eligible payment in the order it is determined to be eligible. Subject to the provisions of paragraph 8 hereinafter written, any claim of the Municipality cannot exceed the initial allocation provided to the Municipality pursuant to the provisions of paragraph 8 hereinafter contained.

5. *Non-Liability of the County.* The Municipality understands that the County cannot guaranty that a claim for reimbursement is eligible for payment nor that any claims for reimbursements beyond the amount of the Stimulus Funds can be paid. In the event there is dispute by the Municipality as to determination made by the County, either as to the eligibility for a reimbursement or the amount of a reimbursement, then the County shall, if requested by the Municipality, pursue an appeal or a request for clarification with the United States Treasury, at the cost of the Municipality.

6. *Indemnification by Municipality.* The Municipality acknowledges that the role of the County as to the distribution of the Stimulus Funds shall be as an intermediary. Consequently, if as the result of any audit performed by the United States Treasury or any other auditing agency, department or office of the Government of the United States determines that any reimbursement made to the Municipality by the County from the Stimulus Funds was not eligible for reimbursement, then the Municipality shall repay any ineligible reimbursement within the time mandated by the United States Treasury or the agency, department or office of the Government of the United States for the return of any Stimulus Funds. The Municipality shall indemnify and hold harmless the County from any claim made by the United States Treasury or any agency, department or office of the Government of the United States for the return of any payment received by the Municipality from the Stimulus Funds. Included in the claim for reimbursement shall be any legal fees, court costs or professional fees incurred by the County in defense of any claim made for return of any Stimulus Funds received by the Municipality.

7. *Documents Required and Preservation of Records.* Any application for reimbursement must be sufficiently documented so that the County can determine the eligibility of the claim for reimbursement including a provision whereby the Municipality certifies that it has not applied to the State or Federal governments for the reimbursement of the same claim submitted to the County. The Municipality agrees that it will not destroy or discard any documents or records maintained and/or relied upon by the Municipality in filing any claim to the County for the receipt of Stimulus Funds without providing written notice to the County at the address first written, or at any other address provided to the Municipality by the County in writing. Any notice shall be given not less than thirty (30) days prior to the date on which the records are to be destroyed or discarded. The County shall at its sole cost and expense have the right to make copies of any documents or records pertinent to the claim for Stimulus Funds and the Municipality shall provide the County with reasonable access to the documents and records .

8. *Allocation to Municipality.* The County has allocated \$ 1,245,341.97 of the Stimulus Funds for the benefit of the Municipality (the "Allocation"). However, the Municipality understands that the Allocation is not a guaranty of the receipt of a reimbursement to the Municipality from the Allocation. The Municipality understands that each of the Municipalities has also received an

Allocation. The Municipality acknowledges that the Allocation is only an estimate of that portion of the Stimulus Funds which the Municipality will be eligible to receive. Any reimbursement will be subject to the claim being eligible for reimbursement as per the Guidelines. Claims for reimbursements must be filed by no later than December 18, 2020. Beginning on the date of approval and on December 18, 2020, the County shall review the Allocation and make an adjustment to the Allocation dependent upon the claims for reimbursement made by and paid to date to the Municipality and the Municipalities and the estimated budgets of future expenditures to be made by the Municipality and the Municipalities in the ensuing time period. The Municipality understands that the decision by the County as to any adjustment to the Allocation shall take into consideration the needs of the County, the Municipalities and the Municipality; the amounts of reimbursements made to the County, the Municipalities and the Municipality to date; and the remaining balance contained in the Stimulus Funds.

9. *Subsequent Funds.* Should the County be in receipt of any additional funds provided by the Government of the United States to combat the Coronavirus which the Municipality shall be eligible to receive payment, then in the event the Municipality files a claim for those funds the terms and provisions of this Agreement shall apply to the disposition and processing of those claims.

10. *Applicable Law and Attorney Fees.* Any action for the enforcement of any term or provision of this Agreement shall be governed by the law of the State of New Jersey and shall be filed in the Superior Court of the State of New Jersey having a venue in Essex County. In addition to any other relief which a party may receive, the prevailing party shall receive an award of reasonable attorney fees and court costs against the non-prevailing party.

11. *Duration of Agreement.* This Agreement shall begin on the date first written and shall Continue until either party terminates it upon thirty (30) days written notice or the depletion of the Stimulus Funds, whichever event occurs sooner.

12. *Approval.* By signing below the individual signing this Agreement represents that this Agreement has been approved and ratified by the governing body of the party signing it or that the

Party has been advised by its counsel that the approval is not legally necessary.

IN WITNESS WHEREOF, the parties have signed and sealed this Agreement on the date set forth above.

The CARES Act established the Coronavirus Relief Fund (the "Fund") and appropriated \$150 billion to the Fund. Under the CARES Act, the Fund is to be used to make payments for specified uses to States and certain local governments; the District of Columbia and U.S. Territories (consisting of the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands); and Tribal governments.

The CARES Act provides that payments from the Fund may only be used to cover costs that-

1. are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
2. were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and
3. were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020.<sup>1</sup>

The guidance that follows sets forth the Department of the Treasury's interpretation of these limitations on the permissible use of Fund payments.

### *Necessary expenditures incurred due to the public health emergency*

The requirement that expenditures be incurred "due to" the public health emergency means that expenditures must be used for actions taken to respond to the public health emergency. These may include expenditures incurred to allow the State, territorial, local, or Tribal government to respond directly to the emergency, such as by addressing medical or public health needs, as well as expenditures incurred to respond to second-order effects of the emergency, such as by providing economic support to those suffering from employment or business interruptions due to COVID-19-related business closures.

Funds may not be used to fill shortfalls in government revenue to cover expenditures that would not otherwise qualify under the statute.

The statute also specifies that expenditures using Fund payments must be "necessary." The Department of the Treasury understands this term broadly to mean that the expenditure is reasonably necessary for its intended use in the reasonable judgment of the government officials responsible for spending Fund payments.

### *Costs not accounted for in the budget most recently approved as of March 27, 2020*

The CARES Act also requires that payments be used only to cover costs that were not accounted for in the budget most recently approved as of March 27, 2020. A cost meets this requirement if either (a) the cost cannot lawfully be funded using a line item, allotment, or allocation within that budget *or* (b) the cost

---

<sup>1</sup> See Section 601(d) of the Social Security Act, as added by section 5001 of the CARES Act.

is for a substantially different use from any expected use of funds in such a line item, allotment, or allocation.

The "most recently approved" budget refers to the enacted budget for the relevant fiscal period for the particular government, without taking into account subsequent supplemental appropriations enacted or other budgetary adjustments made by that government in response to the COVID-19 public health emergency. A cost is not considered to have been accounted for in a budget merely because it could be met using a budgetary stabilization fund, rainy day fund, or similar reserve account.

*Costs incurred during the period that begins on March 1, 2020, and ends on December 30, 2020*

A cost is "incurred" when the responsible unit of government has expended funds to cover the cost.

***Nonexclusive examples of eligible expenditures***

Eligible expenditures include, but are not limited to, payment for:

1. Medical expenses such as:
  - COVID-19-related expenses of public hospitals, clinics, and similar facilities.

  - Expenditures related to a State, territorial, local, or Tribal government payroll support program.
  - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy the Fund's eligibility criteria.

***Nonexclusive examples of ineligible expenditures***<sup>2</sup>

The following is a list of examples of costs that would *not* be eligible expenditures of payments from the Fund.

1. Expenses for the State share of Medicaid.<sup>3</sup>
2. Damages covered by insurance.
3. Payroll or benefits expenses for employees whose work duties are not substantially dedicated to mitigating or responding to the COVID-19 public health emergency.

---

<sup>2</sup> In addition, pursuant to section 5001(b) of the CARES Act, payments from the Fund may not be expended for an elective abortion or on research in which a human embryo is destroyed, discarded, or knowingly subjected to risk of injury or death. The prohibition on payment for abortions does not apply to an abortion if the pregnancy is the result of an act of rape or incest; or in the case where a woman suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the woman in danger of death unless an abortion is performed. Furthermore, no government which receives payments from the Fund may discriminate against a health care entity on the basis that the entity does not provide, pay for, provide coverage of, or refer for abortions.

<sup>3</sup> See 42 C.F.R. § 433.51 and 45 C.F.R. § 75.306.

4. Expenses that have been or will be reimbursed under any federal program, such as the reimbursement by the federal government pursuant to the CARES Act of contributions by States to State unemployment funds.
5. Reimbursement to donors for donated items or services.
6. Workforce bonuses other than hazard pay or overtime.
7. Severance pays.
8. Legal settlements.

# BURKE'S HISTORY

John Edward was a farmer in Fond du Lac, Wisconsin and farmed the land the Burke company headquarters stands on today. In 1920, he incorporated a weather-stripping company that quickly expanded to include the design and production of designer radiator furniture. After receiving a request to fabricate a slide for a family friend, Burke entered the playground industry! Soon playground products were the company's main focus and they introduced Swing King, a residential line of play equipment.

When World War II began, Burke, like many companies, changed their focus to the war effort. J. E. Burke, always an inventor, devised a self-contained ammunition cart that could be parachuted to army personnel. The Parachute, as it was suitably named, was also used to deliver food and medical supplies. The company's dedication earned special recognition, and in 1943, the J.E. Burke Company was awarded an Excellence in War Production citation. Over the next 40 years, the Burke family grew the business and began to add interesting color and material combinations. In 1972, Burke invented the original Funnel Ball® that became a staple on playgrounds across the country.

In the late 1990's, Greg Burke, grandson of founder J.E. Burke, determined it was time to find a successor to lead the business into the 21st Century. Tim Ahern became the president/CEO of Burke in 1997 and remained until 2015 when Incline Equity Partners invested in Burke and Michael Phelan became the new president/CEO.

Most recently, in May 2017, The Halifax Group joined Burke's management team as an investment partner to continue the company's growth plans. All design and manufacturing operations continue to be located in Fond du Lac, Wisconsin on the same plot of land where J.E. Burke founded the company nearly 100 years ago.

Burke remains committed to the original innovation, customer service and superior quality that sustained the company for generations. We are bringing play to the next level with our focus on "Play That Moves You" and innovating products that move all of us in so many ways.

# BURKE BUILT QUALITY

## Discover the value of investing in a Burke Playground:

**KOREKONNECT® DIRECT-BOLT CLAMP SYSTEM:** Nucleus® and Voltage® feature our Industry-leading KoreKonnnect direct-bolt clamp system resulting in the strongest and most accurate connection system ever. Factory located connection points make for easy, precise installation and an error-free fit. Best of all, KoreKonnnect is covered for 100 years under our non-prorated Generations Warranty®.

**DIRECT-BOLT CONNECTION SYSTEM:** Intensity, ELEVATE® Fitness Course, ACTIVATE® Fitness Circuit and Little Buddies® feature Burke's trusted direct-bolt connection that uses a durable, straightforward direct-bolt system to ensure a trouble-free installation and provide the necessary strength to accommodate the demands of playing children. Like our KoreKonnnect system, Direct-Bolt connections are covered for 100 years under our Generations Warranty.

**EZKONNECT® DECK MOUNTING SYSTEM:** Our exclusive self-leveling deck attachment and factory CNC construction allows for faster and more precise location of decks during installation. The 2-bolt per corner deck attachment increases overall structure strength and stability.

**PLATFORMS:** Burke's oversized non-slip platforms are constructed of heavy-duty punched steel that can support more than 2 tons. Our vinyl coating is California compliant, free of lead and other hazardous heavy metals.

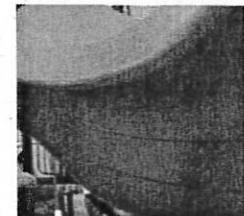

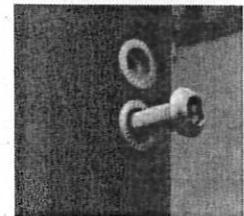

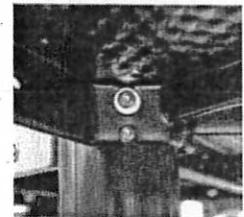

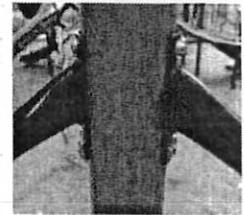

**TAMPER-RESISTANT STAINLESS STEEL HARDWARE:** All hardware is covered for 100 years under our Generations Warranty.

**PREMIUM POWDER COATINGS:** Our industry-leading powder coatings and finishes prevent fading, last longer and deter rust. We also offer a "coastal package" powder coat system. This special powder coat system for metal components and upright posts will provide additional corrosion and chemical protection along with added longevity to the color and gloss retention of the powder coated parts. Contact your Burke Representative for more information on colors, price and warranty.

**COMPOUND PLASTICS WITH UV-16:** You'll get long wear and bright, vibrant colors that hold up for years thanks to our thick, durable rotomolded plastics with UV-16 protection. This is why we can cover them for 15 years under our non-prorated Generations Warranty.

**CLIMBING CABLES:** Our climbing cables are flexible enough to provide movement, yet strong enough to last. Our ropes are made from 6 polyester cords with steel reinforcement wrapped around a synthetic fiber core. Each cord contains 8 galvanized steel strands tightly covered with polyester multi-fibers. Our RopeVenture® cables consist of 6 strands, each containing 24 stainless steel reinforcing strands within a nylon sleeve, wrapped around a solid nylon core.

**ALUMINUM CONNECTORS:** Swivel connectors at the end of our ropes allow assembly at any angle with no unwanted twists in the net. The aluminum fittings used to secure the joints are swaged in place to prevent any movement between the rope and fittings that could cause wear.

# TESTIMONIALS

*"Service, Safety, Quality. Three words I would use to describe the people, business model, and overall organizational standards that inspires the BCI Burke Company. Every organization has a unique set of challenges and goals when it comes to building an educational environment - and from our experience, BCI Burke came to the table ready to work with us as partners to meet those challenges and goals head on.*

*We chose to work with BCI Burke because we needed a reliable company that would be able to provide nothing less than the highest quality product with our own time limitations. As with most other businesses, we did not have the luxury of making an investment into a project of this magnitude and not feel 100% certain that we had gotten the very best of our dollar. We also had to assure our stakeholders that we would see that investment last the test of time.*

*BCI Burke offered us superb and consistent customer service, the ability to achieve our goal on a fast timetable, and the confidence that our playground is genuinely the very best in design and safety. This is something that we will showcase in our school for many years to come.*

*After working with the company, I know personally they are committed to go the extra mile to satisfy your needs. BCI Burke is a master in their field but also provide the customer with an intuitive understanding of service".*

*"I am writing to tell you how much I enjoyed and appreciated working with your local representative...Through the years, I have worked with a number of playground companies, but never with anyone with the professionalism, commitment and follow-through of (your Burke Rep). We are all so excited about our children having the opportunity to play on your wonderful equipment; of course, we want everything! We are so impressed with the many, many possible designs. Thank you for the quality of your equipment and your local representatives."*

**Re: Revised Proposal for Professional Services - Groundwater Monitoring and  
Confirmatory Soil Sampling  
Lindsley Avenue Bus Garage; 6 Lindsley Avenue  
Township of West Orange, Essex County, New Jersey  
NJDEP CASE #88-11-10-1526 – PI#014425**

Dear Mr. Lepore:

CME Associates (CME) is pleased to submit this proposal to the Township of West Orange (Client) to continue Professional Environmental and Licensed Site Remediation Professional (LSRP) Services at the Lindsley Avenue Bus Garage at 6 Lindsley Avenue in West Orange.

The proposed scope of work is prepared to satisfy the New Jersey Department of Environmental Protection (NJDEP) requirements stated in the Administrative Requirements for Remediation of Contaminated Sites (ARRCS Rule, N.J.A.C. 26:C) and the Technical Requirements for Site Remediation (Tech Rule, N.J.A.C. 7:26E), in accordance with New Jersey's Site Remediation Reform Act (SRRA).

#### **BACKGROUND**

Based on the review of the history of product at the Site, it was indicated that localized free-phase product with an apparent thickness ranging from a visual sheen to less than 0.22 feet, has been detected in MW-4, MW-5, MW-12 and MW-13 between December 1997 and August 1998. Generally, since December 1997, the apparent thickness of the free-phase product pockets has decreased to a visual sheen. Free-phase product recovery program, which consisted of pumping free-phase product from these wells, was subsequently implemented.

Localized free-phase product within the overburden water unit has been observed in monitoring well MW-5. The free -phase product observed within MW-5 may have originated from either of the former 2,000-gallon USTs, and appears to have migrated downgradient along the general

groundwater flow directions within the overburden water-bearing unit. It is postulated that historical product discharges from the former USTs combined with the discontinuation or breach of the natural low permeability barrier (organic clay and silt layer) may have created preferential pathways for the free-phase product and dissolved phase to move downward and impact the overburden water-bearing unit at the Site. The findings of the most recent sampling event (August 11th) at Lindsley Ave., approximately half a foot of free product was identified in MW-5, a proposed remedial action is included to address the free-phase product detected recently at MW-5 at the Site.

#### **SCOPE OF SERVICES**

Based on the review of existing remediation documents, CME has prepared the following scope of work to comply with the NJDEP Technical Requirements for Site Remediation at the Site and provide the consultation and project management necessary to continue to advance the project towards a closure.

#### **Task 1: Application of High Vacuum Extraction (HVE) Treatment System**

High Vacuum Extraction (HVE) treatment system utilizes a soil venting unit which is powered by an internal combustion engine to produce vacuum to extract groundwater and soil vapors from the extraction point. The removal of contaminated groundwater, as well as subsurface vapors, will reduce contaminant mass; as such, it will aid in overall remediation of dissolved phase groundwater contamination and residual product in soil.

CME proposes to conduct the HVE treatment technology at monitoring well (MW-5) which has the free-phase product at the Site. Total of two (2) HVE treatment applications will be conducted at the Site on a monthly basis using a mobile HVE treatment unit.

#### **Task 2: Monitoring Well Gauging & Sampling (Two Rounds)**

A total of two (2) groundwater sampling events will be conducted and samples will be collected from the four (4) existing monitoring wells. Groundwater samples will be obtained using “low flow” procedures in accordance with the NJDEP Field Sampling Procedures Manual (August 2005). Groundwater samples will be analyzed for TCL VO+15, TBA, ABN+20 and lead. A QA/QC plan consisting of field and trip blank

samples will be incorporated into the sampling program. Purged groundwater will be containerized in drums and disposed off-site at an approved disposal facility.

All sampling and monitoring will be performed according to the methodology specified in the most current edition of the Department's Field Sampling Procedures Manual. All samples will be analyzed by a New Jersey Certified Laboratory except those field-determined parameters specified in the monitoring program established pursuant to the oversight document.

#### **Task 3- Off-Site Monitoring Well Installation**

In order to comply with NJDEP regulations, CME will retain a NJDEP licensed well driller to install an off-Site monitoring well. The monitoring well will be constructed in accordance with the NJDEP Monitoring Well Requirements for Unconsolidated Aquifers.

The monitoring well will be developed by pumping groundwater into 55-gallon drums until clear and sediment-free water is obtained from the well. The well cuttings will be containerized in 55-gallon drums on Site for future off-Site disposal at an approved disposal facility. A total of 5 drums will be disposed of and the cost is included in this proposal. A New Jersey licensed land surveyor will survey the newly installed monitoring well and the NJDEP required certifications (Form A and B) will be prepared and submitted to the NJDEP in accordance with the NJDEP requirements.

#### **Task 4: Groundwater Remedial Action Permit, Soil Remedial Action Permit, Capping Design and Deed Notice**

Natural Attenuation is no action alternative and based on natural processes, especially biodegradation, volatilization and adsorption, to clean up the groundwater. Natural attenuation is cost efficient and have minimum requirements as a CEA and Groundwater Remedial Action Permit required to implement this alternative.

CME will prepare and submit the CEA Fact Sheet Application and prepare a groundwater remedial action permit pursuant to the Administrative Requirements for Remediation of Contaminated Sites (ARRCS Rule, N.J.A.C. 26:C).

The CEA application will be submitted with a Groundwater Remedial Action Permit for natural attenuation as the remedial action for the groundwater impacts related to the UST discharge at the Site, a Groundwater Remedial Action Permit Application will be

prepared and submitted with NJDEP permit application fee of \$990; this Fee is included in the cost for this proposal.

Capping and filing of a Deed Notice (DN) are proposed as the least invasive, most cost-effective method to address the identified soil impacts remaining at the Site while remaining protective of human health and the environment. The proposed remedial action for the Site will consist of capping the historic fill impacted soils and the benzene impacted soils.

Some areas are capped by asphalt and concrete, which represents an effective engineering control for the contaminants of concern identified at the Site. The areas that require additional remedial investigation are the landscape areas. Based on the analytical results of the soil investigation, a remedial action (capping) in the areas covered with grass should be performed prior to complete a DN for the Site.

CME will assist the Client's legal counsel in the preparation and finalization of DN exhibit documents to allow contaminated soils to be capped on the Site. The DN will be prepared and submitted to the Client for review and approval. The Client is advised to seek legal counsel to assist with the review and filing of the DN document. Legal counsel will have to provide metes and bounds for the Site and conduct required filing of the DN with the County and State.

CME will submit the DN with the Remedial Action Report and prepare a Soil Remedial Action Permit Application form for NJDEP submittal in the RAR. The NJDEP permit application fee of \$1,650.00 is required and this cost is included in this proposal.

#### **Task 5: Reporting and Management**

##### Remedial Action Report (RAR)

CME will prepare a Remedial Action Report (RAR) with Document Submission Form which will detail activities conducted to achieve compliance with the NJDEP Technical Requirements for Site Remediation (N.J.A.C. 7:26E- 6.7) and the Administrative Requirements for the Remediation of Contaminated Sites ("the ARRCs Rule"). A Site plan, Case Inventory Document, updated Receptor Evaluation form and other pertinent

items as specified in the Remedial Action Report submission requirements of the Technical Requirements for Site Remediation (N.J.A.C. 7:26E-6.7) will be included.

CME will prepare a Health and Safety Plan (HSP) and Quality Assurance Project Plan (QAPP) that are required to be submitted with the RAR.

**Task 6: Issuance of Response Action Outcome (RAO)**

The RAO is a written determination by the LSRP indicating that the contaminated areas of concern were remediated in accordance with applicable regulations and that no further remedial action is required.

Following the successful completion of the remediation in accordance with all applicable regulations, the LSRP will prepare a Response Action Outcome (RAO) for the areas of concern in accordance with the Administrative Requirements for the Remediation of Contaminated Sites (N.J.A.C. 7:26C-6). The LSRP will use the standard format RAO form document posted by the NJDEP to ensure content consistency. The LSRP is prohibited from modifying the content of an RAO except as explicitly provided for in the NJDEP guidance.

**PROPOSED BUDGET**

The budget for completion of the proposed scope of work is **\$69,500** as indicated in the following table:

<b>Task</b>	<b>Cost</b>

The proposed budget includes approximately \$30,000 for subcontractor's fee, including laboratory analysis, equipment cost, etc., and NJDEP fees. The budget contained in this proposal is the firm's best estimate of the effort required to carry out the project as outlined in the scope of work. However, the client will be billed for the actual effort expended to implement the Scope of Services in accordance with the attached billing rates for Environmental Engineering and LSRP services. In no event will the client be billed or work performed in excess of the proposal amount without client's prior approval.

#### **ASSUMPTIONS AND LIMITATIONS**

#### **SPECIAL CONDITIONS FOR LSRP SERVICES**

- The enactment of the Site Remediation Reform Act (SRRA; N.J.S.A. 58:10C-1 et seq) on May 7, 2009, and the adoption of the Administrative Requirements for the Remediation of Contaminated Sites (ARRCS; N.J.A.C. 7:26C) on November 4, 2009 require that all new remediation cases follow the provisions of SRRA. A key requirement of these rules is that a Licensed Site Remediation Professional (LSRP) must oversee all new remediation cases.
- The ARRCS requires the person responsible for conducting a remediation to notify the NJDEP of any confirmed discharges of contaminants or condition of Immediate Environmental Concern ("IEC"). Please note that being an LSRP, as a State licensed professional, I will thus have the obligation to report any such conditions to the NJDEP without obtaining any prior approval from the client.
- LSRP will provide the required services in accordance with SRRA and has the obligation to submit, maintain and preserve the relevant documents.
- LSRP is not responsible for client's failure to disclose relevant information, perform SRRA obligations, fund remediation, and follow LSRP's recommended actions. Client's failure to perform these obligations may result in fines/penalties by the NJDEP.

- The issuance of RAO by LSRP is not a guarantee or warranty that the site is free of contamination, or that it will be accepted by the NJDEP.
- NJDEP may audit the RAO within three (3) years after the date the LSRP filed the RAO with the NJDEP. LSRP is not responsible for additional requirements imposed by NJDEP after review/audit, except to the extent they arise out of LSRP's negligence.

We appreciate the opportunity to submit this proposal and assist the Township on this project. Should you have any questions, please do not hesitate to call me at 732-951-2101, extension 103.

Municipalities that are under the jurisdiction of the ~~Council~~ ~~or a~~ court of competent jurisdiction and have an ~~COAH~~-approved spending plan may retain fees collected from nonresidential development.
3. In Re: Adoption of N.J.A.C. 5:96 and 5:97 by the New Jersey Council on Affordable Housing, 221 N.J. 1 (2015), also known as the Mount Laurel IV decision, the Supreme Court remanded COAH's duties to the Superior Court. As a result, affordable housing development fee collections and expenditures from the municipal affordable housing trust funds to implement municipal Third Round Fair Share Plans through July 1, 2025 are under the Court's jurisdiction and are subject to approval by the Court.
4. This subsection establishes standards for the collection, maintenance, and expenditure of development fees pursuant to COAH's regulations and in accordance P.L. 2008, c.46, Sections 8 and 32-38. Fees collected pursuant to this subsection shall be used for the sole purpose of providing low- and moderate-income housing. This subsection shall be interpreted within the framework of COAH's rules on development fees, codified at N.J.A.C. 5:97-8.

### *b. Basic Requirements.*

1. This subsection shall not be effective until approved by ~~COAH~~ the Court pursuant to N.J.A.C. 5:96-5.1.
2. The Township of West Orange shall not spend development fees until ~~COAH~~ the Court has approved a plan for spending such fees in conformance with N.J.A.C. 5:97-8.10 and N.J.A.C. 5:96-5.3.

### *c. Definitions.* The following terms, as used in this subsection, shall have the following meanings:

*Affordable housing development* shall mean a development included in the Housing Element and Fair Share Plan, and includes, but is not limited to, an inclusionary development, a municipal construction project or a one hundred (100%) percent affordable development.

*COAH* or the *Council* shall mean the New Jersey Council on Affordable Housing established under the Act which has primary jurisdiction for the administration of housing obligations in accordance with sound regional planning consideration in the State.

*Developer* shall mean the legal or beneficial owner or owners of a lot or of any land proposed to be included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land.

*Development fee* shall mean money paid by a developer for the improvement of property as permitted in N.J.A.C. 5:97-8.3.

*Equalized assessed value* shall mean the assessed value of a property divided by the current average ratio of assessed to true value for the municipality in which the property is situated, as determined in accordance with sections 1, 5, and 6 of P.L.1973, c.123 (C.54:1-35a through C.54:1-35c).

*Green building strategies* shall mean those strategies that minimize the impact of development on the environment, and enhance the health, safety and well-being of residents by producing durable, low-maintenance, resource-efficient housing while making optimum use of existing infrastructure and community services.

d. *Residential Development Fees.*

1. Imposed Fees.

- (a) Within all residential district(s), residential developers, except for developers of the types of development specifically exempted below, shall pay a fee of one and one-half (1 1/2%) percent of the equalized assessed value for residential development provided no increased density is permitted.
- (b) When an increase in residential density pursuant to N.J.S.A. 40:55D-70d(5) (known as a "d" variance) has been permitted, developers may be required to pay a development fee of six (6%) percent of the equalized assessed value for each additional unit that may be realized. However, if the zoning on a site has changed during the two-year period preceding the filing of such a variance application, the base density for the purposes of calculating the bonus development fee shall be the highest density permitted by right during the two-year period preceding the filing of the variance application.

Example: If an approval allows four (4) units to be constructed on a site that was zoned for two (2) units, the fees could equal one and one-half (1 1/2%) percent of the equalized assessed value on the first two (2) units; and the specified higher percentage up to six (6%) percent of the equalized assessed value for the two (2) additional units, provided zoning on the site has not changed during the two-year period preceding the filing of such a variance application.

2. Eligible Exactions, Ineligible Exactions and Exemptions for Residential Development.

- (a) Affordable housing developments and developments where the developer has made a payment in lieu of on-site construction of affordable units shall be exempt from development fees.
- (b) Developers of low- and moderate-income units shall be exempt from paying development fees.

(c) Developments that have received preliminary or final site plan approval prior to the adoption of a municipal development fee ordinance shall be exempt from development fees, unless the developer seeks a substantial change in the approval. Where a site plan approval does not apply, a zoning and/or building permit shall be synonymous with preliminary or final site plan approval for this purpose. The fee percentage shall be vested on the date that the building permit is issued.

(ed) All single-family residential additions, renovations and accessory structures shall be exempt; however, all new residential dwelling units shall be subject to a development fee.

(e) All multi-family additions, renovations and accessory structures not requiring site plan approval shall be exempt; however, all new residential dwelling units shall be subject to a development fee. ~~Development fees shall be imposed and collected when an existing structure undergoes a change to a more intense use, is demolished and replaced, or is expanded, if the expansion is not otherwise exempt from the development fee requirement. The development fee shall be calculated on the increase in the equalized assessed value of the improved structure.~~

(f) Homes replaced as a result of a natural disaster (such as fire or flood) shall be exempted from the payment of a development fee.

e. *Nonresidential Development Fees.*

1. Imposed Fees.

(a) Within all zoning districts, nonresidential developers, except for developers of the types of development specifically exempted, shall pay a fee equal to two and one-half (2.5%) percent of the equalized assessed value of the land and improvements, for all new nonresidential construction on an unimproved lot or lots.

(b) Nonresidential developers, except for developers of the types of development specifically exempted, shall also pay a fee equal to two and one-half (2.5%) percent of the increase in equalized assessed value resulting from any additions to existing structures to be used for nonresidential purposes.

(c) Development fees shall be imposed and collected when an existing structure is demolished and replaced. The development fee of two and one-half percent (2.5%) shall be calculated on the difference between the equalized assessed value of the pre-existing land and improvement and the equalized assessed value of the newly improved structure, i.e. land and improvement, at the time final certificate of occupancy is issued. If the calculation required under this section results in a negative number, the non-residential development fee shall be zero.

2. Eligible Exactions, Ineligible Exactions and Exemptions for Nonresidential Development.

(a) The nonresidential portion of a mixed-use inclusionary or market rate development shall be subject to the two and one-half (2.5%) percent development fee, unless otherwise exempted below.

(b) The two and one-half (2.5%) percent fee shall not apply to an increase in equalized assessed value resulting from alterations, change in use within existing footprint, reconstruction, renovations and repairs.

(c) Nonresidential developments shall be exempt from the payment of non-residential development fees in accordance with the exemptions required pursuant to P.L.2008, c.46, as specified in the Form N-RDF "State of New Jersey Non-Residential Development Certification/Exemption" Form. Any exemption claimed by a developer shall be substantiated by that developer.

- (d) A developer of a nonresidential development exempted from the nonresidential development fee pursuant to P.L. 2008, c.46 shall be subject to it at such time the basis for the exemption no longer applies, and shall make the payment of the nonresidential development fee, in that event, within three (3) years after that event or after the issuance of the final Certificate of Occupancy of the nonresidential development, whichever is later.
  - (e) If a property which was exempted from the collection of a nonresidential development fee thereafter ceases to be exempt from property taxation, the owner of the property shall remit the fees required pursuant to this subsection within forty-five (45) days of the termination of the property tax exemption. Unpaid nonresidential development fees under these circumstances may be enforceable by the Township of West Orange as a lien against the real property of the owner.
- f. *Collection Procedures.*
1. Upon the granting of a preliminary, final or other applicable approval, for a development, the applicable approving authority shall direct its staff to notify the Construction Official responsible for the issuance of a building permit.

  5. The Construction Official responsible for the issuance of a final Certificate of Occupancy notifies the local Assessor of any and all requests for the scheduling of a final inspection on property which is subject to a development fee.
  6. Within ten (10) business days of a request for the scheduling of a final inspection, the Municipal Assessor shall confirm or modify the previously estimated equalized assessed value of the improvements of the development; calculate the development fee; and thereafter notify the developer of the amount of the fee.
  7. Should the Township of West Orange fail to determine or notify the developer of the amount of the development fee within ten (10) business days of the request for final inspection, the developer may estimate the amount due and pay that estimated amount consistent with the dispute process set forth in subsection b. of section 37 of P.L. 2008, c.46 (C.40:55D-8.6).
  8. Fifty (50%) percent of the development fee shall be collected at the time of issuance of the building permit. The remaining portion shall be collected at the issuance of the Certificate of Occupancy. The developer shall be responsible for paying the difference between the fee calculated at building permit and that determined at issuance of Certificate of Occupancy.
  9. Appeal of Development Fees.

- (a) A developer may challenge residential development fees imposed by filing a challenge with the County Board of Taxation. Pending a review and determination by the Board, collected fees shall be placed in an interest bearing escrow account by the Township of West Orange. Appeals from a determination of the Board may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S.54:48-1 et seq., within ninety (90) days after the date of such determination.
