SPORTS & RECREATION FACILITIES IN WO: *HOW LUCKY WE ARE*

Where else but in our great town will you find a Township Government and a Board of Education that work so well together in the sharing of their respective sports and recreation facilities. This spring season is a great example. Stop by any school or public park and you are just as likely to see a school team or a youth team. This sharing of spaces occurs throughout the year. This is not the norm in a great many of our neighboring communities.

The Athletic Department of WOHS and the Recreation Department spend countless hours communicating back and forth via phone calls, text messages, Emails and written permits to make the transition from school time slots to youth time slots as seamless as possible. On occasion one program overlaps a bit into another program's assigned space. Sometimes, despite our best efforts, there are circumstances beyond our control such as make up games, traffic jams, weather delays or late arriving officials that spoil the "best laid plans of mice & men." In these instances the right thing to do is to wait it out until the facility is vacated. While this is inconvenient, it is a small price to pay when you look at the big picture. All our kids, young and old, have great facilities that are second to none at their disposal.
